KATOWICE MURALS

Silesia is such a Polish German Ruhr area. Cities clustered around each other form a metropolis with a population of over 2 million people, and this makes artistic activities appear in non-obvious spaces.

I invite you to take a tour of Katowice, preferably by bicycle or car (I don't recommend it), a little away from the center, because I left the one in the center for those who like to explore on their own, walk their own paths - I invite you to take a walk.

The tour starts in Załęże, then Downtown, Bogucice, Szopienice and finally Nikiszowiec.

TYPE OF TOUR: Explore by bicycle or public transportation, or for the impatient by car.

PURPOSE: Discover the city from a different perspective.

TARGET: open for everyone.

NEEDS: (every team/family)
